EXPRESSION OF INTEREST

Municipal Council Bhilai Charoda intends to prepare a detailed project report, revised designs and working drawings for Augmentation Water Supply Scheme of Bhilai Charoda Town in the State of Chhatisgarh under UIDSSMT. Municipal Council Bhilai Charoda invites expression of interest from reputed consultants who has expertise in preparation of such type of projects.

The Augmentation Water Supply Scheme for Bhilai Charoda has been already approved under UIDSSMT by Govt. of India costing Rs. 99.62 Crores. The scope of work in the original sanctioned scheme is going to change as the source of the scheme is changed by WRD while according the allocation of water to the ULB.

The Bhilai Charoda Municipal council intends to engage consultants for Check Survey, modeling and preparation of working DPR with revised designs of the augmentation water supply scheme and to revise the complete scheme and to take the revised sanctions from competent authorities and to prepare the NIT's for calling the tenders after approval and to provide overall bid assistance during the Bid Process.

1. Brief outline of the sanctioned project:

- | | | | |
|----|---------------|---|----------------|
| 1. | Name of Town | : | Bhilai-Charoda |
| 2. | Block | : | Patan |
| 3. | District | : | Durg |
| 4. | PC No. | : | 46 |
| 5. | (a) Latitude | : | 21°38' N |
| | (b) Longitude | : | 81°31' E |

6. Demography :

S. No.	DESCRIPTION	TOTAL
1. Present	2011	97985
2. Initial stage	2016	106480
3. Intermediate stage	2031	132450
4. Ultimate stage	2046	160470

7. Existing Water : 455 nos. Hand Pumps & 80 nos. power Pumps
and A.C.P., G.I. pipe line with 5 nos. of OHSR

8. Present Supply : 21 LPCD

9. Projected water demand : 135 LPCD + 15% UFW

S. No.	DESCRIPTION	YEAR	PROJECTED POPULATION	WATER DEMAND (MLD)	Water Demand Proposed (MLD)
1	Initial stage	2016	106480	17.56	17.56
2	Intermediate stage	2031	132450	21.71	21.71
3	Ultimate stage	2046	160470	26.18	26.18

10. Proposed Scheme As per Sanction from CPHEEO :

- (1) Source : River Kharun
- (2) Supplemented : Mahanadi reservoir & MRP
- (3) Pumps (Raw water) :
- (i) Type of pump : Turbine Pump 2 nos.
- (ii) Discharge : 137.06 LPS
- (iii) Head : 64 mtr.
- (iv) Horse power : 180 HP each.
- (v) Stand by : 50% (2 Running + 1 Stand Bye)
- (vi) Pumping Hours : 22 Hours
- (4) Pumping main (Raw water) : 600 mm dia D.I. K-9 – 8645.00 mtr.

11. Treatment

(i) Water Treatment plant	:	Proposed 27.00 MLD	
(ii) Sump well	:	Proposed 1350 KL	
(iii) Pump (Clear Water)	:		
1. Type of Pump & nos.	:	Centrifugal pump 3 nos.	
2. Discharge	:	137.06 LPS	
3. Head	:	69 m.	
4. Horse Power	:	252.5 BHP	
5. Stand by	:	50% (2 Running + 1 Stand Bye)	
6. Pumping Hours	:	22 Hours	
6.Pumping main (Clear water)	:	Zone I	- 16781.00 mtr.
		Zone II	- 22742.00 mtr.
		600mm to 350mm dia DI K-9 pipes	
	Total -	39523.00 mtr.

20. Cost of production of water per 1000 liters :

S.No.	DESCRIPTION	YEAR	COST Rs.
1	Initial stage	2016	5.71
2	Intermediate stage	2031	6.22
3	Ultimate stage	2046	6.49

2.Scope of Work

The consultant has to carry out detailed working survey of all the components of the work such as head works, rising mains, leading mains/ gravity mains, locations of the WTP, MBR's and ESR's, their contour survey, and Distribution network of complete town. It is also expected from the consultant that they should approach the concerned state Government Departments and their representatives and give them the information about the project and know about the existing status of the water supply amenities. All the existing components for Bhilai Charoda Town shall also be surveyed and after comparing the utility of those components the consultant shall propose whether to utilize the existing components or to propose new components in the city.

The consultant has to prepare detailed estimates as per CG PHE SOR 12-13 & 3% shall have to be considered for Contingencies. The consultant will have to prepare financial viability, proposed tariff structure & overall general report in a neat & presentable manner for further submission to the Government.

The consultant has to comply with the remarks raised by competent authorities & resubmit the proposal. The responsibility of consultant is limited to submit the proposal for Administrative approval to the Government.

The following are some of the objectives which the consultant has to carry out, but the scope shall not be limited to the contents but for overall revised appraisal and to act and guide the ULB for compliance of the remarks from competent authorities during the project implementation phases

1. To carry out check survey of the complete water supply scheme and to locate the components with revised survey and to carry out the survey from new source to the WTP and to prepare detailed cost estimates of head works, raw water pumping main as per the CPHEEO guidelines and take the appraisal from the state technical wing if the cost is within the limits of sanction i.e Rs. 99.62 Crores. If the cost is more than the sanctioned cost then the revised proposal shall have to be technically weighted by NIT Raipur and from CPHEEO Delhi. The fees to be paid to NIT Raipur shall be paid by BCMC directly but the consultant shall have to make all the revisions/ updating as per the compliance of the technical weighting and as per the directives of the sanctioning authority.
2. In case of deficiencies in the submitted reports, guide the ULBs to incorporate required changes.

3. To prepare the draft NIT's of the project and assist in getting the sanctions for the tender documents and to assist in complete bid process for evaluation of the offers and to make a comparison and to facilitate BCMC to clear the award of the contracts
4. To carry out the geo technical investigations such as taking trial bores at WTP site, MBR site and OHT sites and to carry out strata classifications for pipe line alignments

3. Data Collection

The successful bidder shall have to collect all the necessary data required for preparation of Revised D.P.R. however Municipal Council Bhilai Charoda shall provide all the available data and assist in collecting the data from concerned department / authorities.

4. Pre Qualification Condition

The Consultant must have

Chief Municipal Officer Nagar Palika Bhilai Charoda Dist- Durg invites "Expressions of Interest (EOI) from the Consultant who are either empanelled as a Technical Consultant in the Public Health Engineering Department Raipur (C.G.) as per Engineer- in – Chief, Memo No. 197 Dated 06/01/2012 or Technical Consultants /Consulting firms having experience of preparing DPRs for Urban/Rural Water Supply, sewerage for "Preparation of DPR which includes verification of survey earlier done as well as detailed Survey for the changes to be made in approved DPR as per actual site condition preparation of all designs, cost estimation for Bhilai Charoda Augmentation Water Supply Scheme with River Kharun as source .
